N.P. James Insurance Agency sponsors CCHS students for In Control's "skid school"

Nancy P. James, owner of the N.P. James Insurance Agency in Concord, is sponsoring Concord Carlisle High School driver education students for In Control's "skid school" advanced driver training program. The N.P. James Agency's scholarships offer reduced fees for important additional hazardous condition driving techniques.

Nancy James is the principal of N.P. James Insurance Agency in Concord, where she specializes in risk analysis and insurance for complex exposures. James is a licensed insurance advisor and frequent speaker to youthful operators and new drivers. Celebrating 30+ years in business, she can be reached at 978-369-2771.

In Control offers the nation's first state certified crash prevention training to drivers of all ages. This closed course, hands-on education was adapted from existing law enforcement training in the United States as well as European instruction that led to a societal shift in attitudes toward driving in many countries.

Specifically, the training addresses the driving issues that most affect the safety of drivers while on the road. The inclusion of skills was developed after examining insurance and police data to find the most dangerous activities, and assessing the biggest needs.

All of the training is performed in their vehicles, and each hands-on drill is taught in the car one-on-one with one of In Control's highly qualified instructors.

The hands-on training includes:

- Proper hands and seating
- Emergency braking skills (ABS)
- Advanced steering skills, including over and under steering and speed control
- Backing up skills and awareness
- Close quarters maneuverability
- Following distance/tailgating
- Anti-cell /text messaging / distraction experience
- Emergency avoidance maneuvers
- This is supplemented with classroom discussion and training that additionally addresses:
 - Situational awareness and driving distractions (including cell / texting)
 - Understanding road-rage
 - Airbag awareness
 - Vehicle assessment
